Functional components

Mint, Lemon, Thyme, Cloves

Benefits

Sanitizing, anti-inflammatory, strengthening of the immune system

Natural Fragrance Pure Air performs an antiseptic, antiviral and anti-inflammatory action thanks to the virtues of the natural essential oils of Mint, Lemon, Thyme and Cloves.

Lemon also performs a positive action against our immune system by making our defenses stronger, and raises the mood.

If diffused in the rooms, the fragrance helps to purify the air and create a natural protective barrier.

Recommended applications

It can be used as home fragrances, for cosmetics, for hand sanitizers solutions, for personal and home detergents.
